## Our Office

Dr. Steven Rice has had an established dental practice in Philadelphia, Pennsylvania since 1973. A native Pennsylvanian, Dr. Rice attended LaSalle University for his undergraduate studies and then went to Temple University for his advanced dental degree.

The entire dental staff is dedicated not only to restoring patient's teeth and gums to health, but focuses on preventative care and patient education. Our office has a small, friendly atmosphere that puts our patients at ease. You won't find a crowded waiting room or have trouble scheduling timely appointments.

When you walk into our office you are the most important person. That's why we work diligently to make you feel welcome and comfortable. You are never an interruption to our work, but rather the reason we work so hard. Our team approach assures your involvement in every dental decision, from determining your needs, to establishing a dental care plan. Our commitment is to provide you the highest standard of personalized dental care with a gentle, efficient and professional manner. We trust you will find the atmosphere calming, the staff friendly, and our dental services superior.
